# CoreSpringV3.2

Core-Spring (based on Spring 3.2)

ORDER FULL VERSION

<https://killexams.com/pass4sure/exam-detail/CoreSpringV3.2>

**QUESTION: 90**

Consider the following Spring Security configuration

```
<security:http>
  <security:intercept-url pattern="/accounts/*" access="ROLE_USER" />
  <security:intercept-url pattern="/accounts/editAccount.htm"
access="ROLE_ADMIN" />
</security:http>
```

In order to access to "/accounts/editAccount.htm", what role is required? (select one)

- A. ROLE\_USER
- B. ROLE\_ADMIN
- C. Both ROLE\_USER and ROLE\_ADMIN
- D. No role is required

**Answer: A**

**QUESTION: 91**

Select which of the following is a mechanism which can be used with Spring Security to store user details (select one)

- A. Database
- B. LDAP
- C. Properties file
- D. All of the above

**Answer: D**

**QUESTION: 92**

What is the principal purpose of Spring's Security XML namespace? (Select one)

- A. To provide a mechanism for applying security to Spring Web Services
- B. To provide a schema for configuring Spring Security in a Spring XML configuration file
- C. To provide a mechanism for encrypting Spring Security XML configuration files
- D. To allow Spring Security to be applied to XHTML

**Answer: B**

**QUESTION: 93**

What is the principal purpose of Spring's Security tag library? (Select one)

- A. To provide a mechanism for applying security to Spring Web Services
- B. To allow certain URLs to be tagged as requiring secure access
- C. To provide functionality in JSP pages, such as hiding certain sections based on roles
- D. To allow Spring Security to be applied to XHTML

**Answer: C**

**QUESTION: 94**

Which of the following statements is true concerning configuring JMS Resources with Spring? (Select one)

- A. Spring cannot use a standalone JMS provider
- B. Spring can use the JMS resources provided by an application server
- C. The Connection Factory cannot be standalone
- D. The Connection Factory cannot be retrieved from JNDI

**Answer: B**

**QUESTION: 95**

Which of the following statement is true concerning Spring's JmsTemplate (select one)

- A. The JmsTemplate manages resources transparently (e.g. Connections, default Queue...)
- B. The JmsTemplate converts checked JMSEExceptions to runtime equivalents
- C. The JmsTemplate provides convenience methods and callbacks

D. All of the above

**Answer:** D

**QUESTION:** 96

Which of the following methods is NOT provided by the JmsTemplate? (select one)

- A. setDefaultDestination
- B. onMessage (asynchronous call)
- C. convertAndSend
- D. receiveAndConvert (synchronous call)

**Answer:** B

**QUESTION:** 97

Consider the following Spring JMS configuration

```
<jms:listener-container connection-factory="connectionFactory">  
<jms:listener destination="order.queue" ref="orderListener" method="order"/>  
</jms:listener-container>
```

Which of the following statements is true? (select one)

- A. Spring will automatically receive messages from the order.queue.destination
- B. The orderListener bean has to implement javax.jms.MessageListener or Spring's SessionAwareMessageListener interface
- C. The application needs to run in an application server that provides a JMS implementation out of the box
- D. Spring will automatically send a response message

**Answer:** A

# SAMPLE QUESTIONS

*These questions are for demo purpose only. **Full version** is up to date and contains actual questions and answers.*

*Killexams.com is an online platform that offers a wide range of services related to certification exam preparation. The platform provides actual questions, exam dumps, and practice tests to help individuals prepare for various certification exams with confidence. Here are some key features and services offered by Killexams.com:*

**Actual Exam Questions:** *Killexams.com provides actual exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these actual questions, candidates can familiarize themselves with the content and format of the real exam.*

**Exam Dumps:** *Killexams.com offers exam dumps in PDF format. These dumps contain a comprehensive collection of questions and answers that cover the exam topics. By using these dumps, candidates can enhance their knowledge and improve their chances of success in the certification exam.*

**Practice Tests:** *Killexams.com provides practice tests through their desktop VCE exam simulator and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice tests cover a wide range of questions and enable candidates to identify their strengths and weaknesses.*

**Guaranteed Success:** *Killexams.com offers a success guarantee with their exam dumps. They claim that by using their materials, candidates will pass their exams on the first attempt or they will refund the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exams.*

**Updated Content:** *Killexams.com regularly updates its question bank and exam dumps to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.*

**Technical Support:** *Killexams.com provides free 24x7 technical support to assist candidates with any queries or issues they may encounter while using their services. Their certified experts are available to provide guidance and help candidates throughout their exam preparation journey.*
